

THE SYSTEMS HEALTH CARE VIDEO SERIES

VIDEO 1: The Systems Health Care Technique Part I: Basic Procedures and Implementation

Total Time - 2:26.50

- VIDEO1 1. Introduction
- VIDEO1 2. Establishing Normal Muscle Function
- VIDEO1 3. Injury Patterns
- VIDEO1 4. Injury Recall Technique (IRT)
- VIDEO1 5. Identifying the Injury Location
- VIDEO1 6. Treating the Injury
- VIDEO1 7. Finding Injury Patterns with Compression
- VIDEO1 8. Nociceptor Stimulation Blocking (NSB) and Set Point (SP) Techniques
- VIDEO1 9. Differentiation Between Performing NSB or SP Technique
- VIDEO1 10. Cranial Faults and Pre-test Imaging
- VIDEO1 11. The Cranial Fault Injury Connection
- VIDEO1 12. Cranial Faults Indicating an Immune System Problem or TMJ Dysfunction
- VIDEO1 13. Cranial Faults Requiring Manual Correction
- VIDEO1 14. Unresponsive Flexors and Extensors
- VIDEO1 15. Same Limb Flexor/Extensor Injury Link
- VIDEO1 16. The Temporomandibular Joint (TMJ) and Tooth Issues
- VIDEO1 17. The Diaphragm and Identifying Tricky Muscle Inhibitions
- VIDEO1 18. The Supine Gait Procedure
- VIDEO1 19. Further Evaluation via the Supine Gait Procedure
- VIDEO1 20. "All Strong" and "All Weak" Conditions
- VIDEO1 21. Organ Evaluation and Parasympathetic vs. Sympathetic
- VIDEO1 22. Conclusion

THE SYSTEMS HEALTH CARE VIDEO SERIES

VIDEO 2: The Systems Health Care Technique Part II: Evaluating and Treating Organs

Total Time - 2:37.40

VIDEO2 1. Introduction

VIDEO2 2. Assessing Parasympathetic Vs. Sympathetic Using the Visceral Referred Pain Areas

VIDEO2 3. Chapman's Reflexes

VIDEO2 4. Acupressure Pulse Points

VIDEO2 5. Homeopathic Vial and Magnet Testing

VIDEO2 6. Tonic Labyrinthine Reflex (TLR)

VIDEO2 7. The Concept of "51%ers"

VIDEO2 8. Testing Procedures and Type III Manual Muscle Testing

VIDEO2 9. Introduction to Organs

VIDEO2 10 Adrenal Glands

VIDEO2 11 Bladder

VIDEO2 12 Brain

VIDEO2 13 Diaphragm

VIDEO2 14 Ears and Eyes

VIDEO2 15 Gallbladder

VIDEO2 16 Heart

VIDEO2 17 Kidney

VIDEO2 18 Large Intestine

VIDEO2 19 Liver

VIDEO2 20 Lungs

VIDEO2 21 Pancreas

VIDEO2 22 Parathyroid

VIDEO2 23 Parotid Glands

VIDEO2 24 Pineal Gland

VIDEO2 25 Pituitary Gland

VIDEO2 26 Ovaries and Testes Prostate and Uterus

VIDEO2 27 Sinuses

VIDEO2 28 Small Intestine

VIDEO2 29 The Immune System: Spleen and Thymus

VIDEO2 30 The Lower Sternum Immune Circuit

VIDEO2 31 Stomach

VIDEO2 32 Thyroid

VIDEO2 33 Conclusion

THE SYSTEMS HEALTH CARE VIDEO SERIES

VIDEO 3: The Systems Health Care Technique Part III: Essential Techniques

Total Time - 2:51.40

VIDEO3 1.Intro

VIDEO3 2.The TMJ Dysglycemia Technique

VIDEO3 3.Fatty Acid Imbalances, Deficiencies, and Inflammation

VIDEO3 4.Aerobic and Anaerobic Evaluation and Correction

VIDEO3 5.The Subluxation Challenge and Correction

VIDEO3 6.Heart Rate Variability Assessment

VIDEO3 7.Diaphragmatic Evaluation, Correction and Rehabilitation

VIDEO3 8.Emotional Stress Assessment and Correction Procedures

VIDEO3 9.Evaluating and Correcting Complex Gut Issues

VIDEO3 10 Connective Tissue Challenge Procedures

VIDEO3 11 Identifying and Correcting Sleep Problems

VIDEO3 12.Comprehensive Gait Evaluation

VIDEO3 13 Essential Rehabilitation Movements

VIDEO3 14 Systems Health Care Implementation

VIDEO3 15 Workshops and Test Kits

VIDEO3 16 Conclusion
